HOPEFULLY HELPFUL HINTS
ON COMPLETING OUR TICK LIST

Whilst on first perusing the three pages your task seems daunting, we hope that the following comments may help.

Please fill in your name, address and your new residence address, with phone and mobile numbers. It helps us if details of your two properties such as house, flat position etc are entered. Preferred dates if possible or approximate dates. It is important to monitor who is to pack china, non-breakables and smalls.

Please indicate if storage is required.

We would also be very grateful if you could write down how you became aware of our company (such as recommended, yellow pages, etc)

Rather than sit in a room and complete the form, walk around each room. Familiarity breeds forgetfulness! It is surprising how we fail to notice furniture that has been in the one position for so long.

Only mark down any sizes if they are unusual. However approximate sizes of bookcases would help.

The boxes we use for china, glass, linen, toys and odds measure 18" x 18" x 20" high.

The cartons for books, tools, records, videos, CD's, bottles and food are 12" x 12" x 12".

Hanging clothes can be packed into our wardrobe cartons on the day and approximate rail length of clothing would be appreciated.

Even if you are not using this size of box, if possible it would be helpful if these were used in your assumption of box numbers.

However if in doubt about anything please ring, e-mail or fax and we will be only too happy to discuss and advise.

So now you have finished the list please forward it to us and your quote will follow by return
